INFORMATION about the work

If your question is not answered below, contact us by phone or email. cynthia@washroomwizard.com

WHO WE ARE

Washroom Wizard! is Whatcom County's premier restroom service for businesses. The company and its people are known for setting and maintaining exceptionally high work standards and providing consistently reliable service. Due to the demand for our services, we are experiencing continuous growth in clientele. This produces an on-going need for year-round, permanent, part time workers. The nature of our service requires that we provide our workers with specialized training. This makes it possible for us to consider, on an equal basis, all applicants regardless of background and experience.

WHAT WE LOOK FOR IN PEOPLE

Washroom Wizard! seeks individuals who are:

- self-disciplined and able to work independently,
- able to set and maintain a consistent schedule,
- self-motivated to the extent that company standards are met or exceeded,
- cheerful in bearing and attitude while performing the cleaning service, and
- able to identify matters which should be communicated to *Washroom Wizard!*

NATURE OF THE WORK

You will travel between client locations to perform cleaning tasks. Requirements include:

- good physical condition - capable of bending, stooping, stretching, reaching, and performing repetitious movements,
- reliable transportation - must be able to transport self with supplies and equipment between client locations,
- shoes appropriate for working on wet floors, and
- dress and appearance appropriate for the work and consistent with the dress code of our clients.

WHAT WE PROVIDE

Washroom Wizard! provides you with:

- a statement of standards to be accomplished in the performance of the work,
- detailed instructions in cleaning methods which produce the standard,
- on-the-job training,
- information regarding specific requirements of individual clients,
- a list of clients to be served,
- equipment and supplies for the cleaning activity, and
- compensation based upon your productivity.

WORK SCHEDULING

- Work scheduling is accomplished by matching your availability with company needs.
- The number of hours you work is based upon the work scheduling criteria stated above.
- Work assignments are 1, 2 or 3 days per week, 2 to 5 hours per day.
- Individual work assignments are consistent from week to week.

WORK LOCATIONS

- Clients are grouped geographically and are available in Bellingham, Blaine, and North Whatcom County.
- You may specify your desire for work in particular locales.

PAY

- After training and approximately 30 days on the job, workers generally make \$14.00 to \$18.00 per hour.
- Pay is a set rate based upon a fixed percentage of the charges for the job.

THANK YOU FOR YOUR INQUIRY

If you decide not to apply for a position with us, please pass the information on to someone who might have an interest in the work.

What our workers say

*I was surprised at how quickly
I could get everything clean
with the methods I was taught.*

*I thought any dummy could do it
(not true).*

Compared to the janitor
service I worked with,
the cleaning procedure I
learned was much more in
depth.

*I thought all of the clients would be
completely disgusting. Not true,
most weren't as bad as I imagined.*

*As long as the standards
are met, the faster I work
the more I make per hour.*

The schedule is set but it is
flexible. I like having the power to
choose the hours I want.

The owner is more than
willing to do what it takes to
make the job as easy as
possible for you.

*I was struck by the condition
of the restrooms. It is true
that the cleaner a place is kept,
the cleaner it stays.*

*I like being able to get in there,
get the work done, and go home.*

How to Apply

Applications are accepted and interviews are conducted year round. When an opening occurs the applications on file are reviewed to identify applicants whose schedule and geographic location matches the needs of the opening. If you have further questions about the work, please call or email us.

The Job Application can be obtained at <http://washroomwizard.com/wp-content/uploads/JobApplicationF.pdf>

Washroom Wizard! certified as EnviroStar

Business and environmental protection are not mutually exclusive. This is born out through the EnviroStars program and it's newest certified business, Washroom Wizard!

Washroom Wizard! has been awarded a 4-star certification by the EnviroStars program. EnviroStars recognizes businesses that properly manage and continually work to reduce hazardous waste. The program is administered through joint local government cooperation.

Washroom Wizard! is Whatcom County's only specialist in cleaning and odor control for business restrooms. They provide regularly scheduled, detailed cleaning services for businesses of all sizes in any industry. Services are provided to small business with no cleaning personnel as well as to large business with full time cleaning maintenance staff or other cleaning services. The key motivator being the business's desire to enhance the health of their employees and their customers by maintaining the highest standards possible for restroom cleanliness.

Washroom Wizard! has a unique position among the businesses that are certified by EnviroStars. It is only one of two cleaning service companies certified within the entire Puget Sound region. Jennifer Hayden, an Environmental Specialist for the Disposal of Toxics program, states "The activity that makes Washroom Wizard! stand out is the expense that they are willing to incur to recycle alkaline batteries" that are used in their air freshener service. The air freshener service eradicates odors with natural elements and is safe to use where individuals may have allergies or chemical sensitivities.

In recalling her introduction to the EnviroStars program, Cynthia Powers, Grand Wizardess of Washroom Wizard! said "When I read the description of the program and it's goals it was like reading a description of Washroom Wizard!'s operations principles. From the time I started the business twelve years ago Washroom Wizard! has been an EnviroStar. Our products are selected with the criteria of no negative impact on the environment. Our methods ensure the highest degree of environmental and worker safety. Our results enhance the health of our customers. With the EnviroStars program, I now have recognition for freely choosing to operate my business in an environmentally responsible fashion."
